# 800° WOODFIRED KITCHEN

## OUR STORY

800° Woodfired Kitchen is chef Anthony Carron's inspired take on the art of cooking with wood fire. Cooking over wood not only creates delicious and craveable flavors, it is the healthiest cooking method utilizing no added fats or oils. Woodfired cooking has the additional benefit of being carbon-neutral and therefore good for the environment.

Let us cater your next office meeting, game day, party or celebration with an outstanding selection of woodfired goodies including our famous pizzas, rotisserie sandwiches, hearty salads and power bowls.

## CLEAN EATING PROMISE

*We believe food should nourish the body and the soul, while respecting our shared environment. To that end we practice the following:*

- Careful sourcing of our ingredients
- Local and Organic whenever possible
- We only cook with Extra Virgin Olive Oil
- Vegetarian, Vegan and Gluten-Free options
